On May 31, 2024, during an unannounced home inspection, a urine specimen was secured, which tested positive for marijuana. Bivins admitted to consuming marijuana approximately two days earlier. Bivins signed an admission form.

On June 12, 2024, Bivins submitted a urine specimen at his treatment program, which tested positive for marijuana and Oxycodone. The specimens have been submitted to the laboratory for confirmation. Bivins is scheduled to meet with his counselor to discuss these results on June 19, 2024.

U.S. Probation Officer Action:

The Probation Office recommends no Court action be taken at this time. The Probation Office will continue to monitor Bivins use of illicit substances through increased random urine screenings. Bivins is currently attending mental health and substance abuse treatment at Preferred Behavioral Health and appears to have made positive progress thus far. If Bivins continues to use illicit substances, the Probation Office will collaborate with Bivins' treatment provider to discuss increasing Bivins' level of care. In addition, if he continues to be non-compliant in any way, the Court will be notified immediately.
